D. Retained earnings (1 mark)

89. Which one of the following essential skills is **NOT** necessary for a forensic accountant?
- A. Investigative skills
 - B. Accounting skills
 - C. Good report writing skills
 - D. Technical skills in all areas
- (1 mark)
90. XYZ Limited seeks to invite potential investors into the company. The management inflated the financial position of the company. Which one of the following types of financial statement fraud scheme did management likely engage in?
- A. Concealment of liabilities
 - B. Overstatement of expenditure
 - C. Improper disclosure
 - D. All the above
- (1 mark)
91. In which of the following scenarios would one hire a forensic accountant?
- A. Business valuation
 - B. To prove and determine guilt or innocence of a suspect through investigation report and evidence
 - C. Assist in conducting an interview of a suspect
 - D. All of the above
- (1 mark)
92. Which one of the following statements is **CORRECT** in regard to statement of financial position?
- A. It shows profit before tax but after expenses
 - B. Loans payable are presented as current and non-current liabilities
 - C. Revaluation surplus is shown in current assets
 - D. Statement of changes in equity excludes share premium
- (1 mark)
93. Which one of the following statements is **CORRECT** in regards to Journal entries?
- A. Journal entries include both adjusting and re-classifying entries
 - B. increase inventory, liabilities and revenue accounts
 - C. Journal entries can be used to adjust errors but not estimates in ledger accounts
 - D. Journal entries are part of complete set of financial statements
- (1 mark)
94. Jameni is a forensic accountant investigating financial statement fraud involving revenues. He noted that one of the vehicles brand on promotion was sold with a one-year free service after date of service. If a customer does not turn up for the service, within the year, the free service is forfeited. The promotion was running from August 2023 to October 2023. In his investigation, he discovered that the invoiced values of the cars were booked as revenues for the year 2023 since all were raised within the same year. The company financial reporting year end is 31st December 2023.
- Which one of the following statements is **CORRECT** in regards to accounting for revenue in accordance to IFRS 15?
- A. The invoiced amounts should be allocated to performance obligations before recognising revenue
 - B. Revenue should be prorated over the one-year period on equal
 - C. Instalments
 - D. Revenue should be recognised after the end of the free service
- (1 mark)
95. Which one of the following is a complete set of financial statements?
- A. Statement of cash flows, statement of changes in revenues, statement of finance position, statement of retained earnings, statement of expenses
 - B. Statement of cash flows, statement of changes in equity, statement of financial position, notes and statement of income
 - C. Statement of cash flows, statement of changes in equity, statement of financial position, notes and statement of expenses
 - D. Statement of cash flows, statement of changes in liabilities, statement of finance position, notes and statement of income
- (1 mark)

D. None of the above (1 mark)
93. Which of the following is **ACCURATE** in regard to forensic audit and fraud investigation?
A. Forensic audit and fraud investigation are both investigation engagements
B. The objective of a forensic audit and an investigation is to collect evidence to prove an allegation
C. Forensic audit or investigation is a methodology of resolving fraud issues from inception to disposition
D. None of the above (1 mark)
94. Which of the following is an item of statement of cash flows activities from financing activities?
A. Revenue
B. Funds from a loan
C. Cash from sale of an asset
D. None of the above (1 mark)
95. Which of the following statements is **NOT** accurate in regard to unpaid expenditure?
A. Unpaid expenditure are financial statements items
B. Unpaid expenditure are not financial statements items
C. Unpaid expenditure are items of statement of profit and loss
D. None of the above (1 mark)
96. Which of the following statement is **ACCURATE** in regard to related party's transaction?
A. Related party's transactions are not disclosure items
B. All related party's transactions are fraudulent
C. Not all related party's transactions are fraudulent
D. None of the above (1 mark)
97. Which of the following financial statement fraud involves recording expense as assets?
A. Capitalising expenses
B. Omission of expenses
C. Overstating of assets
D. None of the above (1 mark)
98. Which of the following financial statement fraud involves failure to record incurred expenses?
A. Understatement of expenses
B. Overstatement of expenses
C. Overstating of assets
D. None of the above (1 mark)
99. Which of the following financial statement fraud involves recording revenue that has not been earned?
A. Overstatement of revenue
B. Understatement of revenue
C. Understatement of receivables
D. None of the above (1 mark)
100. Which of the following financial statement fraud involves failure to write off dead inventory?
A. Capitalising expenses
B. Improper asset valuation
C. Overstating of assets
D. None of the above (1 mark)

.....

CERTIFIED FORENSIC FRAUD EXAMINER (CFFE)

MODULE ONE

INTRODUCTION TO FORENSIC ACCOUNTING AND AUDIT

MONDAY: 21 August 2023. Morning Paper.

Time Allowed: 3 hours.

Answer ALL questions by indicating the letter (A, B, C or D) that represents the correct answer. This paper is made up of one hundred (100) Multiple Choice Questions. Each question is allocated one (1) mark.

1. Which of the following statements is **NOT** accurate in regard to forensic audit?
 - A. Forensic audit should be prompted by sufficient predication
 - B. The objective of a forensic audit is to collect evidence to prove an allegation
 - C. Forensic audit is a methodology of resolving allegations of fraud from inception to disposition

If management used another method that will result to reduced cost of goods. Which of the following **BEST** describes the outcome of this inventory valuation method?
- The gross profit margin would be overstated
 - The gross profit would be understated
 - The closing stock would be understated
 - All the above
- (1 mark)
70. Which of the following statements is **NOT** accurate regarding the statement of financial position?
- Current assets are generally presented on the statement of financial position in order of liquidity.
 - Statements of financial position is usually manipulated by overstating assets and understating liabilities.
 - The statement of financial position shows the financial performance of an organisation in a financial year
 - Revenues and expenses accounts are recorded in statement of financial performance
- (1 mark)
71. Inventory, receivables, retained earnings and deferred tax are recorded in which of the following financial statement?
- Statement of changes in owners' equity
 - Statement of cash flows
 - Statement of profit or loss and other comprehensive income
 - None of the above
- (1 mark)
72. A debit entry in any account would help to conceal an asset misappropriation. Which of the following accounting entries **CANNOT** help to conceal an asset misappropriation?
- Decreasing an asset
 - Increasing an asset
 - Increasing an expense
 - None of the above
- (1 mark)
73. Elvis runs an IT company. He uses accrual basis of accounting. In December of Year1, Elvis signed a contract with a client. The client paid the full amount of the contract in December of Year 1 though the work was to be performed the following year. Elvis recorded the contract revenue in December of Year1. Which one of the following is **ACCURATE** in regard to the recording of that financial transaction?
- The revenue should be recorded in December when Elvis received the cash, and the expenses should be recorded the following year when the work is performed
 - Both the revenue and expenses should be recorded in December
 - This transaction will not misrepresent the revenue earned during that financial year
 - None of the above
- (1 mark)
74. Jones, a Certified Forensic Fraud Examiner, was hired to serve as an accounting expert witness in a case of alleged financial statement fraud. As part of her expert testimony, Jones explained the requirements under International Financial Reporting Standards. Those standards require that the financial statements should be complete, neutral, and free from fraud or error. This concept is related to which of the following?
- Comparability
 - Transparency
 - Consistency
 - None of the above
- (1 mark)
75. A major company in the Information technology industry wants to purchase another company. It would be advisable that the acquiring company conduct which of the following assignments before the acquisition to establish the real financial performance and position of the organisation?
- Special audit
 - Forensic audit
 - Fraud investigation
 - None of the above
- (1 mark)

76. The Benford's Law can be useful in detecting fraudulent financial transactions. Which of the following statements is **NOT** true in regard to Benford's Law?
- A. Benford's Law can be help to identify patterns that indicative of fraud
 - B. Benford's Law can only work with natural numbers
 - C. Benford's Law cannot work with unnatural numbers
 - D. None of the above
- (1 mark)
77. Under the IFRS the proper basis for recording a piece of equipment, vehicle or building on a company's books is at _____.
- A. Historical cost or revaluation amount less accumulated depreciation
 - B. Sales value less accumulated depreciation
 - C. Current market value less accumulated depreciation
 - D. Revaluation value
- (1 mark)
78. The assumption that a business will continue at least in the next financial year is reflected in the accounting concept of _____.
- A. Profitability
 - B. Comparability
 - C. Liquidity
 - D. Going concern
- (1 mark)
79. Which of the following category of the statement of cash flows activities is useful in measuring a company's financial performance?
- A. Revenue activities
 - B. Investment activities
 - C. Financing activities
 - D. None of the above
- (1 mark)
80. Which of the following statements is **CORRECT** in regard to improper disclosures?
- A. Disclosures amounts are financial statements items
 - B. Disclosures should not be part of financial reporting
 - C. Failure to include disclosures would not fraudulently affect the financial reporting
 - D. None of the above
- (1 mark)
81. Which of the following, would **NOT** fraudulently affect the current ratio and therefore misleading decision makers?
- A. Overstated revenue
 - B. Improper valuation of inventory
 - C. Inadequate allowance for bad doubtful debts
 - D. None of the above
- (1 mark)
82. Under IPSAS, MDAs financial statements should **NOT** include which one of the following disclosures?
- A. Progress on auditor's recommendations
 - B. Pending bills note and analysis
 - C. IFMIS generated reports
 - D. List of vendors and contractors
- (1 mark)
83. Which of the following is **NOT** true in regard to financial reporting in Kenya?
- A. Kenya has adopted IFRS for financial reporting
 - B. Kenya has adopted IPSAS for financial reporting for MDAs
 - C. IPSAS financial reporting require that MDAs uses the accrual basis of accounting
 - D. None of the above
- (1 mark)
84. When planning an audit of an entity's financial statements under IPSAS, which of the following is **NOT** correct in regard to external auditors 'initial concern'?
- A. Acceptable financial and other information systems are in place, along with arrangements to provide annual assurance on the reliability of such systems
 - B. The entity's finance team have knowledge and understanding of IPSAS and their applicability to the entity's financial statements
 - C. The entity has arrangements in place to produce reliable financial statements, along with adequate supporting working papers, to an acceptable timetable
 - D. None of the above
- (1 mark)

85. Which of the following is a type of financial statement fraud?
A. Omission of unearned revenue
B. Adequate allowance for bad and doubtful debts
C. Writing off obsolete inventory
D. None of the above (1 mark)
86. Which of the following is **NOT** a type of financial statement fraud?
A. Failure to write off bad debts
B. Concealed expenditure
C. Capitalisation of expenditure
D. None of the above (1 mark)
87. Procurement fraud is rampant in both public and private sector. Which of the following exercise should auditors perform when auditing procurement for purposes of evaluating economy, efficiency and effectiveness?
A. Forensic audit
B. Fraud audit
C. Procurement fraud audit
D. None of the above (1 mark)
88. Which of the following scenarios would **NOT** require a forensic accountant?
A. Calculation in lawsuits
B. Business valuation
C. Business combination
D. Value for money audit (1 mark)
89. ABC Limited is planning to issue sale of public shares. Management deliberately failed to write off a substantial amount of bad debts and obsolete inventory. Which of the following **BEST** describe the type of financial statement fraud that was perpetrated by management?
A. Improper assets valuation
B. Overstated assets
C. Understated debts
D. None of the above (1 mark)
90. Which of the following statements is **NOT** correct in regard to recording of fictitious sales?
A. Fictitious sales will result in overstated receivables
B. Fictitious sales will result in inflated profits
C. Fictitious sales will result in overstated current ratio
D. None of the above (1 mark)
91. Which of the following is **NOT** a root causes of financial statements fraud?
A. Rationalisation
B. Situational pressure
C. Opportunity
D. None of the above (1 mark)
92. Cost of goods sold and corresponding sales should be recorded in the same accounting period. This accounting principle is called?
A. Measuring concept
B. Double entry principle
C. Materiality principle
D. None of the above (1 mark)
93. Which of the following statement of cash flows activities is **NOT** a type of cash flows from investing activities?
A. Cash in from sale of an asset
B. Cash out for payment of an asset
C. Cash in from dividends
D. None of the above (1 mark)

94. Which of the following financial ratios can be used to measure an organisation's ability to meet its immediate daily financial operations?
A. Asset turnover ratio
B. Current ratio
C. Quick ratio
D. None of the above (1 mark)
95. Which of the following statements is **NOT** accurate regarding the statement of financial position?
A. Liabilities are generally presented on the statement of financial position in the order of their maturity.
B. The statement of financial position shows the net worth of an entity as at the end of a given financial reporting period
C. Revenue and goodwill are recorded in the statement of financial position.
D. The statement of financial position provides a snapshot of the financial condition of an entity as at the reporting date (1 mark)
96. Which of the following financial items increase owner's equity?
A. Retained earnings
B. Revenue
C. Understated expenses
D. None of the above (1 mark)
97. Which of the following is the most common type of fraudulent financial reporting scheme?
A. Overstated revenue and understated expenditure
B. Overstated liabilities and understated revenue
C. Understated capital
D. Understated non – current assets (1 mark)
98. Which of the following is **ACCURATE** in regard to recording of current liabilities?
A. Failure to record payables would inflate the current ratio
B. Failure to record payables would understate the profit
C. Failure to accrual expenses would understate the current ratio
D. None of the above (1 mark)
99. Which of the following is an item shown in the company's statement of financial position?
A. Revenue
B. Prepaid expenses
C. Cost of revenue
D. None of the above (1 mark)
100. Which of the following is **ACCURATE** in regard to recording of receivables?
A. Failure to record receivables would inflate the current ratio
B. Failure to record receivables would understate the profit
C. Failure to write off bad debts would understate the current ratio
D. None of the above (1 mark)

Which of the following would have happened under the circumstances, where the company made profits according to the statement of profit or loss, while cash balances from the operating activities are in the negative?
- A. Timing difference
 - B. Skimming of receivables
 - C. Overstated revenue
 - D. All the above

15. Which of the following is **NOT** correct about the accounting model?
- A. Assets = Liabilities + Owners' Equity
 - B. Liabilities = Assets + Owners' Equity
 - C. The accounting model is presented in the statement of financial position
 - D. All the above
16. Which of the following **CANNOT** be used to balance the accounting equation to conceal cash misappropriation?
- A. Reducing revenue
 - B. Reducing a liability
 - C. Increasing an expense
 - D. None of the above
17. The statement of cash flows is often used in tandem with the statement of profit or loss and other comprehensive income to determine which of the following?
- A. The statement of cash flows is often used in tandem with the statement of profit or loss and other comprehensive income to determine a company's true financial position.
 - B. The statement of cash flows is often used in tandem with the statement of profit or loss and other comprehensive income to determine a company's liquidity
 - C. The statement of cash flows is often used in tandem with the statement of profit or loss and other comprehensive income to determine a company's net worth
 - D. None of the above
18. Which of the following appears on the statement of financial position of an organisation?
- A. Non-current assets
 - B. Expenses
 - C. Gross profit
 - D. None of the above
19. Joseph, a Certified Forensic Fraud Examiner, was hired to serve as an accounting expert witness in a trial of alleged financial statement fraud. As part of his expert testimony, Joseph explained the requirements under International Financial Reporting Standards related to receivables. Those standards require that the receivables be recognised at a fair value. During the investigation, Joseph found that some of the overdue receivable accounts with substantial amounts (meaning the amounts were material) were created from fictitious revenue and were still held in the receivables accounts and therefore were part of the end of year balance sheet items. Which of the following financial reporting would be fraudulently affected by the above scenario?
- A. The receivables will be overstated
 - B. The current ratio will be inflated
 - C. Net profit will be overstated
 - D. All the above
20. ABC Ltd. received an anonymous tip alerting the company that there is a lot of fraud and corruption going on in the company, especially in their procurement and finance department. The person receiving the tips is knowledgeable in fraud issues and confirmed the allegation to be reliable. He also analysed available information in relation to the anonymous tip and found that there was sufficient suspicion of fraudulent activity. The company has an Anti-fraud Policy which requires the company to effectively respond to fraud allegations. Under the circumstances, which of the following assignment should the company **NOT** conduct?
- A. Forensic investigation
 - B. Forensic audit
 - C. Fraud audit
 - D. Fraud examination
21. Which of the following statements is **NOT** true regarding the statement of changes in owners' equity?
- A. It is similar to the statement of retained earnings
 - B. It shows how amounts on the statement of profit or loss and other comprehensive income flow through to the statement of financial position
 - C. It acts as the connecting link between the statement of financial position and the statement of profit or loss and other comprehensive income
 - D. It shows the entity's financial position and performance

22. Cost of goods sold or other direct expenses for generating revenue should be recorded the same accounting period. Failure to do so would result in which of the following?
- A. Understated expenses
 - B. Overstated revenue
 - C. Understated net profit
 - D. None of the above
23. Under the IAS/IFRS, the proper basis for recording a piece of equipment, vehicle or building on a company's books is at:
- A. Revaluation value
 - B. Cost value less accumulated depreciation
 - C. Current market value less accumulated depreciation
 - D. None of the above
24. Which of the following statements is **TRUE** with regard to net profit?
- A. Net profit is recorded in the statement of financial position
 - B. Net profit is equal to gross profit less operating expenses
 - C. Gross margin is equal to revenue less cost of goods
 - D. None of the above
25. A fraudster wanted to conceal the removal of a liability from the books, which of the following actions would balance the accounting equation?
- A. Increasing owners' equity
 - B. Decreasing an expense
 - C. Decreasing an asset
 - D. All the above
26. The assumption that a business will continue at least in the next financial year is reflected in the international accounting standards (IAS) accounting concept of:
- A. Consistency
 - B. Comparability
 - C. Liquidity
 - D. None of the above
27. Which of the following is **NOT** a category of the statement of cash flow?
- A. Operating activities
 - B. Investment activities
 - C. Control activities
 - D. All the above
28. Which accounting principle requires corresponding expenses and revenue to be recorded in the same accounting period?
- A. Comparability
 - B. Going concern
 - C. Materiality
 - D. None of the above
29. Under IFRS 15, recognising revenue for work that is to be performed in subsequent accounting periods, even though the work has already been contracted, which of the following is **NOT** true in relation to recognising revenue for work that is to be performed during the following financial year?
- A. Revenue will be understated
 - B. Receivables will be overstated
 - C. Current ratio will be inflated
 - D. All the above
30. Which of the following is **TRUE** about IFRS in regard to financial reporting?
- A. IFRS enhance transparency, comparability and trust in the global financial sector
 - B. IFRS helps to increase the net worth and cash flows in the statement of financial position
 - C. IFRS are mandatory for financial reporting in all jurisdictions
 - D. IAS generally replace IFRS

31. Which of the following statements is **TRUE** regarding the statement of cash flows?
- A. The statement of cash flows is often used in tandem with the statement of profit or loss and other comprehensive income to determine a company's true financial performance
 - B. The statement of cash flows reports a company's assets and uses of cash during the accounting period
 - C. There are three types of cash flows activities; cash flows from operating activities, investing activities and financing activities
 - D. All the above
32. IFRS require that organisations disclose matters related to doubt about a company's ability to fulfil its financial obligations at least in the next financial year, and any other important information that the users of the financial statement would need to know. ABC and XYZ companies are controlled by the same directors. The directors of both companies did not disclose the ownership/control relationship between the two companies. Which of the following financial statement fraud was perpetrated by the company's directors?
- A. Financial statement fraud
 - B. Inadequate disclosure
 - C. Accounting fraud
 - D. Related party transactions fraud
33. Which of the following financial ratios can be used to detect fictitious revenues and receivables?
- A. Asset turnover ratio
 - B. Non-current ratio
 - C. Receivables collection period
 - D. None of the above
34. Under IPSAS, Ministries, Departments and Agencies (MDAs) financial statements should include progress on auditor's recommendations on pending bills note and analysis, and IFMIS generated reports among others. Which of the following is **TRUE** in regard to failure to include the above reports?
- A. There is red flag of financial statement fraud
 - B. There is a high risk of financial statement fraud
 - C. There is a high risk of asset misappropriation
 - D. All the above
35. Which of the following is **NOT** true in regard to financial reporting in Kenya?
- A. Kenya has adopted IFRS and IPSAS standards for financial reporting in the private and public sectors respectively
 - B. SMEs are required to use IFRS standards for SMEs even though they do not have public accountability
 - C. Nairobi Securities Exchange requires companies trading in securities to use IFRS
 - D. None of the above
36. International Financial Reporting Standards (IFRS) provide financial reporting guidelines to prevent misrepresentation of financial statements. Which of following areas of reporting is **NOT** one of them?
- A. Fair value measurement
 - B. Revenue recognition
 - C. Assets measurement
 - D. None of the above
37. IPSAS require that ministries include a note and analysis on pending bills in the financial statements and the listing included should agree to the pending bills note in the notes to the financial statements. Which of the following is **TRUE** about a scenario where the note and analysis on pending bills in the financial statements and the pending bills listing differ?
- A. There is a red flag of concealed pending bills
 - B. There is a red flag of concealment of actuals versus budget
 - C. There is red flag of cash misappropriation
 - D. All the above

38. When planning an audit of an entity's financial statements under IPSAS, which of the following is **NOT** one of the major concerns of the external auditors?
- A. Acceptable financial and other information systems are in place, along with arrangements to provide annual assurance on the reliability of such systems;
 - B. That the entity's finance team are all Certified Public accountants
 - C. The entity has arrangements in place to produce reliable financial statements, along with adequate supporting working papers, to an acceptable timetable
 - D. The entity's finance team has sufficient knowledge and understanding of IPSAS and their applicability to the entity's Financial Statements
39. Certified Fraud Examiners are guided by code of ethics. In the same way, forensic accountants and auditors are expected to observe which of the following code of ethics?
- A. Confidentiality, commitment, diligence and lawfulness
 - B. Integrity, independence, and objectivity
 - C. Responsibility to the profession
 - D. All the above
40. Which one of the following is **TRUE** about internal controls environment in regard to accounting?
- A. Internal controls do not protect company assets.
 - B. There is an accounting standard for internal controls
 - C. Internal controls help in risk management
 - D. All the above
41. Which of the following statements is **TRUE** about risk-based audit?
- A. The auditor should prioritise the audit according to the level of the risk, that is, high to low approach
 - B. The auditor should be knowledgeable in fraud risk identification, assessment and response to fraud risks
 - C. To detect fraud in high-risk areas, the auditor uses tests and procedures specifically designed to detect fraud
 - D. All the above
42. Which of the following terminologies **CANNOT** be used interchangeably with fraud investigations?
- A. Forensic fraud audit
 - B. Fraud examination
 - C. Fraud audit
 - D. None of the above
43. Forensic auditors do not necessarily have to be accountants; however, they must be knowledgeable in the following areas **EXCEPT**?
- A. Advanced financial reporting
 - B. Identification of fraudulent financial transactions
 - C. Financial statement fraud schemes
 - D. All the above
44. Which of the following is **TRUE** about IPSAS and IFRS?
- A. IPSAS is rule based while IFRS are principle based
 - B. IFRS leave no room for prior period error corrections
 - C. IFRS require recognition, measurement, presentation and disclosures
 - D. All the above
45. Failure to apply the respective IFRS in recognising revenue, improper deferral of costs and expenses, improper asset valuations and inadequate disclosure could result to:
- A. Misrepresentation of the statement of financial position
 - B. Misrepresentation of the financial performance
 - C. Claims of fraudulent financial reporting
 - D. All the above

46. Jipe Ltd. has always used the first-in, first-out (FIFO) inventory valuation method when calculating its cost of goods sold. This is industry standard for inventory valuation method for Jipe Ltd. If management used another method that will result to reduced cost of goods, which of the following **BEST** describes the outcome of this inventory valuation method?
- A. The gross profit margin would be overstated
 - B. The net income would be overstated
 - C. The closing stock would be overstated
 - D. All the above
47. Which of the following is the best description of what is shown on a company's statement of profit or loss and other comprehensive income?
- A. The company's financial position at a specific point in time
 - B. The changes in the total owners' equity amount listed on the statement of financial position
 - C. How much profit (or loss) the company earned over a particular period of time
 - D. The company's sources and uses of cash during a particular period of time
48. Which of the following statements is **TRUE** regarding the statement of financial position?
- A. Non-current assets are generally presented on the statement of financial position in order of maturity.
 - B. Statements of financial position is usually manipulated by understating assets and overstating liabilities.
 - C. The statement of financial position shows the net worth of a company at a given financial reporting date
 - D. Revenues and expenses accounts are recorded in statement of financial performance
49. Payables, receivables, retained earnings, and deferred tax are recorded in which of the following financial statement?
- A. Statement of changes in owners' equity
 - B. Statement of financial position
 - C. Statement of cash flows
 - D. Statement of profit or loss and other comprehensive income
50. If a fraudster wanted to conceal the misappropriation of cash, which of the following actions would **NOT** result in a balanced accounting equation?
- A. Reducing owners' equity
 - B. Creating an expense
 - C. Decreasing a liability
 - D. Reducing an asset
51. If a fraudster wanted to conceal the misappropriation of cash, which of the following actions would help to conceal an asset misappropriation?
- A. Increase an asset
 - B. Creating an expense
 - C. Decreasing a liability
 - D. All the above
52. Making a debit entry in any account would help to conceal an asset misappropriation. Which of the following entries in the following accounts **CANNOT** help to conceal an asset misappropriation?
- A. Increasing a liability
 - B. Increasing an asset
 - C. Increasing an expense
 - D. None of the above
53. Jonathan runs an IT company. He uses accrual basis of accounting. In December of Year 1, Jonathan signed a contract with a client. The client paid the full amount of the contract in December of Year 1 though the work was to be performed the following year. Jonathan recorded the contract revenue in December of Year 1. Which one of the following is **NOT** accurate about the recording of that financial transaction?
- A. The revenue should be recorded in December when Jonathan received the cash, and the expenses should be recorded the following year when the work is performed.
 - B. Both the revenue and expenses should be recorded in December.
 - C. This transaction will not misrepresent the revenue earned during that financial year
 - D. None of the above

54. ABC company recorded substantial profit in the profit and loss account. The statement of cash flows recorded negative balances from the operating activities. Which of the following is **NOT** a red flag of financial statement fraud?
- A. Recording of fictitious revenue
 - B. Skimming of receivables
 - C. Overstated revenue
 - D. None of the above
55. Which of the following is the correct accounting model?
- A. $\text{Assets} + \text{Liabilities} = \text{Owners' Equity}$
 - B. $\text{Assets} = \text{Liabilities} + \text{Owners' Equity}$
 - C. $\text{Assets} = \text{Liabilities} - \text{Owners' Equity}$
 - D. None of the above
56. Which of the following can help conceal cash misappropriation by balancing the accounting equation?
- A. Increasing revenue
 - B. Increasing a liability
 - C. Reducing an expenditure
 - D. None of the above
57. Which of the following statements is **TRUE** with regard to the statement of cash flows?
- A. The statement of cash flows is one of the five financial statements in financial reporting
 - B. The statement of cash flows is not always necessary because most companies operate under cash-basis accounting rather than accrual accounting
 - C. There are four types of cash flows: cash flows from operating activities, from investing activities, from financing activities and from payment activities
 - D. The statement of cash flows shows a company's financial performance and position at the end of a given period
58. Which of the following appears on the statement of profit or loss?
- A. Receivables
 - B. Value Added Tax (VAT)
 - C. Liabilities
 - D. None of the above
59. Jonathan, a Certified Forensic Fraud Examiner, was hired to serve as an accounting expert witness in a case of alleged financial statement fraud. As part of his expert testimony, Jonathan explained the requirements under International Financial Reporting Standards. Those standards require that the financial statements should be complete, neutral, and free from fraud or error. This concept is related to which of the following?
- A. Relevance
 - B. Comparability
 - C. Faithful representation
 - D. Consistency
60. A major company in the construction industry wants to acquire another company. It would be advisable that the acquiring company conduct which of the following assignments before the acquisition to establish the real financial performance and position of the organisation?
- A. Forensic accounting
 - B. Forensic audit
 - C. Fraud investigation
 - D. All the above
61. The Benford's Law can be useful in detecting fraudulent financial transactions. Which of the following statements is **NOT** true in regard to Benford's Law?
- A. Benford's Law can be help to identify patterns that indicative of fraud
 - B. Benford's Law can only work with natural numbers
 - C. Benford's Law can work with both natural and unnatural numbers
 - D. None of the above

62. Which of the following statements is **NOT** true regarding the statement of changes in owners' equity?

 - D. All the above
81. Which one of the following statements is **NOT** correct in regard to internal control environment in regard to accounting?
- A. Internal controls are the mechanisms, rules and procedures designed and implemented by the internal audit functions
 - B. Internal controls ensure the integrity of financial and accounting information
 - C. Internal controls environment enforces all other controls
 - D. All the above
82. Which of the following is a type of financial statement fraud?
- A. Omission of unearned revenue
 - B. Adequate provision for bad and doubtful debts
 - C. Failure to write off obsolete inventory

- D. All the above
83. Which of the following is **NOT** a type of financial statement fraud?
- A. Writing off bad debts
 - B. Concealed expenditure
 - C. Capitalisation of expenditure
 - D. None of the above
84. Procurement fraud is a high risk in the public sector. Which of the following exercise should auditors perform when auditing procurement for purposes of detecting procurement fraud?
- A. Forensic audit
 - B. Fraud audit
 - C. Value for money audit
 - D. None of the above
85. In which of the following scenarios would one hire a forensic accountant?
- A. Bankruptcy, Insolvency and reorganisation
 - B. Calculation in lawsuits
 - C. Business valuation
 - D. All of the above
86. Under the IAS/IFRS, the proper basis for recording a piece of equipment, vehicle, building or land on a company's books at initial recognition is at _____.
- A. Revaluation value less cost to sell
 - B. Sales value less accumulated depreciation
 - C. Cost value plus accumulated depreciation
 - D. Historical cost
87. Haki Limited seeks to invite potential investors into the company. The managing director instructed the accountant to artificially increase the value of non-current assets so as to increase the company's net worth. What type of financial statement fraud was management perpetrating?
- A. Improper assets valuation
 - B. Improper assets impairment
 - C. Improper asset revaluation
 - D. Improper assets net adjustment
88. Which of the following statements is **NOT** correct in regard to recording of fictitious sales?
- A. Fictitious sales will result in fictitious receivables
 - B. Fictitious sales will result in inflated profits
 - C. Fictitious sales will result in understated current ratio
 - D. Fictitious sales will result in overstated current ratio
89. Which of the following is the root causes of financial statements fraud?
- A. Pressure, motivation or rationalisation
 - B. Pressure, opportunity and rationalisation
 - C. Pressure, coercion or rationalisation
 - D. Pressure, motivation or coercion
90. Cost of goods sold and corresponding sales should be recorded in the same accounting period. This accounting principle is called?
- A. Measuring concept
 - B. Double entry principle
 - C. Materiality principle
 - D. None of the above

91. Which of the following statement of cash flows activities is **NOT** a type of cash flows in from operating activities?
- A. Investment dividends.
 - B. Share capital
 - C. Cash from sale of an asset
 - D. All of the above.
